

IN BRIEF

2024 General Primary and General Election Calendar

The holidays are here, and another election date is on the horizon. The General Primary Election on March 19, 2024 will see candidates for State Senator and Representatives in the General Assembly nominated as well as candidates for county office. Those nominated will stand for election on November 5, 2024.

School, municipal, and local government board members do not stand for election in this cycle, but sometimes have referendum questions on the ballot. The below calendar is primarily focused on dates related to referendum questions. In reviewing and consulting the calendar, please be mindful that while every effort has been made to verify the information in this bulletin, you should consult with legal counsel regarding your particular circumstances. If any dates shown below change due to legislative or administrative action, we will issue a supplemental bulletin describing the changes.

Also, certain dates fall on Saturdays, Sundays or legal holidays. The applicable deadline may be moved forward or remain the same depending on the law for that deadline and whether the pertinent government office is open. Action on referendum questions should be taken early to ensure that no challenge can be made to the timeliness of that action.

Complete information and forms are available on the State Board of Elections' web site, www.elections.state.il.us. Chapter, Act and Section references are to the Illinois Compiled Statutes.
